## **Executive Summary (optional)**

[903.7(r)]. If desired, provide a brief overview of the contents of the streamlined 5-Year/Annual Plan.

MSHDA has adopted the following mission statement to guide the activities of the Housing Authority: The Michigan State Housing Development Authority provides financial and technical assistance through public and private partnerships to create and preserve decent, affordable housing for low and moderate income Michigan residents.

The Authority has adopted the following agency-wide goals for the forthcoming five years.

### Fiscal Year 2006-2009

Goal 1: We will increase production, safety, and preservation of Michigan's affordable housing supply.

Goal 2: We will spearhead a state-wide effort that will substantially close the housing gap by 2010 for families and individuals that are most in need.

Goal 3: We will strengthen communities by supporting local comprehensive community development strategies.

Goal 4: We will improve organizational performance based on the Baldrige criteria.

Working together as an agency, these four goals will be accomplished using a number of strategies, partnerships, and staff across MSHDA's many working divisions. Highlighted below are the strategies that the Existing Housing Division who administers the HUD Housing Choice Voucher program within MSHDA, has identified during the fiscal years 2006-09.

Additional project-based vouchers will be offered to Michigan citizens through advertised competitions to owners and landlords. The Michigan State Housing Development Authority (MSHDA) plans to project base up to an additional 4% (900) of the housing choice vouchers it currently administers. The vouchers will be divided into three additional categories identified below:

- A. The Authority will advertise and conduct a statewide competition to select MSHDA financed developments that are at risk based on the following: The developments must have a vacancy rate of 10% in the previous year, significant deferred maintenance, negative liquidity and projected to remain negative, escrow balances less than \$1,500 to be selected. Owners of selected developments must agree to serve persons with special needs who receive substantial support services from a local service provider. MSHDA has established a limit of 300 project-based vouchers for this category.
- B. The Authority will advertise and conduct a statewide competition to select local community services providers who will utilize up to a total of 350 vouchers for use in units selected by the service provider. The service provider must enter into an agreement or other relationship with the landlord to guarantee the availability of units to the target population for the term of the Housing Assistance Payments Contract. Initially not more than 25 units will be awarded for use by a single service provider. Service providers must use the vouchers to serve a homeless or special-need target population meeting the following criteria: Households must be at or below 25% of median income, and be referred by a community services provider who will:
  - 1) Identify household as being either homeless or meeting "special needs" criteria, as defined in accord with Addendum 3 (attached), and
  - 2) Identify household as having been engaged in an emergency housing program for an extended period of time (i.e., at least 28 days), and
  - 3) Certify that household has reasonable likelihood of maintaining stability in housing with support of a housing voucher, and
  - 4) Certify that household is willing to engage in a self-identified plan for housing stability and self-sufficiency, and
  - 5) Commit to providing continuing outreach and supportive contact to the household, on a voluntary basis,

to address issues identified in housing stability plan, including tenant and landlord relations, financial and social counseling.

Service providers will be selected according to the following criteria:

- 1) Service provider qualification data
  - i. Nonprofit 501c3 status
  - ii. Organizational capacity
  - iii. Financial capacity
- 1) Service provider experience
  - i. Providing services to the target population
  - ii. Determining resident eligibility for affordable housing
  - iii. Evaluating units for compliance with HQS
  - iv. Providing other housing-related services, or operating permanent supportive housing, transitional housing or emergency shelter programs
- 1) Adequacy and relative strength of the service provider's plan for support services for residents in the following areas:
  - i. Services designed to support housing permanence
  - ii. Services related to the special needs of target population
- 1) The location, amenities and other features of units proposed for lease to the target population.
- 2) Designation of units in properties that are not otherwise HUD assisted or participating in the voucher program.
- 3) Evidence of commitment by the landlord to participate.

This approach will help move families out of temporary housing situations and shelters into permanent housing. The safety net of having an ongoing relationship between the service provider and landlord in the form of project-based vouchers is expected to open housing opportunities to this hard-to-serve population.

- C. Up to 250 vouchers will be available for special needs populations in low income housing tax-credit projects located in other than "qualified census tracts." The Authority plans to notify each of the owners of projects which received 9% tax credits allocated in calendar years 1996 through 2000 of the availability of project-based rental assistance. Approximately 20% of the 250 vouchers will be targeted to units produced from tax credit allocations for each of the calendar years (under subscribed unit allocations will be distributed equally to each of the oversubscribed years). Owners will be given the opportunity to provide an additional (beyond previous commitments to provide special needs units) 10% of the units in their project for this special needs population. Tenant-based subsidies, assigned to specific units, will be awarded based on the tax credit scoring in the year of ranking. To be eligible, the owners must satisfy the requirements of Addendum III of the Unified Application attached, and demonstrate that the units will be placed in service by the end of FY 2002. Since these projects are located across the state, the only geographical constraints would be that they must be located in other than "qualified census tracts."

Fiscal Year 2005-06 MSHDA's Annual Plans are based on the premise that if we accomplish our goals and objectives we will be working towards the achievement of our mission.

The plans, statements, budget summary, policies, et cetera set forth in the Annual Plan all lead towards accomplishment of our five-year goals and objectives. Taken as a whole, they outline a comprehensive approach consistent with the Consolidated Plan. Provided below are a few highlights of the Annual Plan:

- Encourage rather than discourage families who are in the process of gaining financial independence.
- Provide safe, decent, sanitary housing at an affordable rate to families in need.
- Enhance our customer service by continuously working with staff to employ quality initiatives embraced at MSHDA.
- Continuously work with the U.S. Department of Housing and Urban Development (HUD) to assist families impacted by Opt-Out actions or Preservation sales.

- Apply for Housing Choice Voucher funding as Notifications Of Funding Availability (NOFA) announcements are issued by HUD.
- Continuously work with HUD and other partners to provide housing and support services to qualified Housing Choice Voucher families. Other partners include the State of Michigan Departments of Labor and Economic Growth, Human Services, Community Health, and Information and Technology Services. We also partner with local homeless Continuum of Care groups, Area Agencies on Aging, Community Mental Health Agencies, Corporation for Supportive Housing (CSH), community-based service providers and various other non-profit entities.
- Offer opportunities to Housing Choice Voucher families to become self-sufficient and to become home owners through our Family Self-Sufficiency Program and Homeownership Program.

In fiscal year 2005-06, the Michigan State Housing Development Authority (MSHDA) plans to project base up to 3% (570) of the housing choice vouchers it currently administers. The vouchers will be divided into three categories identified below.

- A. The first category involves the availability of up to 320 project-based vouchers to provide needed rent subsidies for special needs tenants in multifamily developments which have previously received a substantial amount of public financial support but are now in serious financial jeopardy. Commitments have been made for 200 project-based vouchers in this category. The multifamily developments have been selected from applications received through a competition and a small number of Housing Assistance Payment contracts have already been signed with eligible tenants. The remaining 120 project-based vouchers will be awarded in early 2005 as a second competition is being conducted in the fall of 2004.
- B. The Authority has entered into a Memorandum of Understanding with the Department of Community Health and the Corporation for Supportive Housing to promote the development of housing for special needs populations. It is estimated that up to 50 units will be awarded under these criteria in FY 2005-06. Owners who agree to provide units for this group of applicants must arrange local commitments for services for tenants. Units will be awarded to owners located in "balance of state" communities that did not submit Continuum of Care applications for HUD Supportive Housing Program Funding in FY 2002.
- C. In calendar year 2005, the Authority will advertise and conduct a statewide competition to select developments who wish to preserve the existing stock of federally subsidized housing which may be lost due to prepayments of Authority-financed mortgage loans. MSHDA expects to award up to 200 vouchers for this purpose. Up to 50% of the units of a development not receiving other forms of federal subsidies (e.g., rent supplement, RAP, or HCV Project-based assistance) may be eligible. At least 60% of the units in the development must be set aside for tenants at not more than 60% of median income for at least 15 years.

In summary, MSHDA is continuously working to improve housing conditions and provide affordable housing for low and moderate income households in Michigan. As a statewide agency administering the Housing Choice Voucher Rental Assistance Program, MSHDA assists not only qualified families but also local governments to meet their respective housing goals.
